

ABOUT SPECIALTY WEEK

Trail to Eagle is the highlight program offered during Camp Marriott's Specialty Week. Instead of the standard program, participants engage in activities, Merit Badges, and other offerings based on the program theme.

Specialty Week is traditionally largely attended by provisional Scouts (attending individually), but is also open to units.

TRAIL TO EAGLE

SPECIALTY WEEK 2017

A CAMP MARRIOTT PROGRAM
AT GOSHEN SCOUT RESERVATION

TRAIL TO EAGLE

GENERAL INFORMATION

Trail to Eagle offers older Scouts the opportunity to enjoy a week of fun, advancement, and growth towards becoming an Eagle Scout. We emphasize quality programming to help participants truly become Eagle Scouts.

LEADERSHIP DEVELOPMENT

Participants learn valuable leadership skills to bring home to their Troops and communities. With a variety of offerings during the day, including Goshen's COPE challenge course and Marriott's Eagle Scout Skills workshops, and even more activities at night, there are ample opportunities to grow into an Eagle.

Learn important skills, like Lifesaving, seen here taking a break from rigorous training.

MERIT BADGE PROGRAM

Participants have the opportunity to earn up to six Merit Badges from a wide range of options. Our schedule includes a large selection of Eagle-required Merit Badges—from Camping to Citizenship in the Community—plus fun and valuable electives—from Kayaking to Law.

Many of the Eagle-required badges involve doing some work beforehand in the way of prerequisites. Be sure to check our program guide (found on our website) for prerequisites and our Merit Badge Program Schedule.

Our Specialty Eagle Merit Badge program area, Eagle's Eyrie, expands its offerings during Specialty Week.

BE AN ADULT VOLUNTEER

We're looking for volunteers to help by being adult leadership for our provisional Troops and/or by teaching Merit Badges they have expertise in!

If you're interested, send us an email.

Get outside the bubble of your home Troop and learn from differing opinions and ideas in badges like Environmental Science, pictured above.

Be prepared with Emergency Preparedness. Refresh your first aid, learn how to assess a scene, and test your skills with drills like the one pictured left.
